NON-SUPLANTING OF LOCAL FUNDS BY GRANT FUNDS

The Attleboro Public School System follows the guidelines below in adhering to the fiscal provisions of the No Child Left Behind Act and any other similar state or federal requirements when utilizing any state or federal grant allocations:

- Federal and state grant funds at the district and individual school level will be expended to augment the locally funded appropriations.
- Federal and state grant funds will supplement the amount of funds available from non-federal and non-state sources for the education of students participating in Title I, Special Education, English Language Learner (ELL), and other Attleboro programs.
- Attleboro Public Schools will not use federal funds to supplant funds that would, in the absence of Title I funds or other grant allocations, have been spent on Title I students and other grant-targeted student populations.

Compliance with the Supplement, not the Supplant requirement, will be reviewed by the Superintendent of Schools or his/her designee.
