

FISCAL ACCOUNTING AND REPORTING

The Superintendent will be ultimately responsible for receiving and properly accounting for all funds of the school system.

The accounting system used will conform to state requirements and good accounting practices, providing for the appropriate separation of accounts, funds, and special moneys.

The Attleboro School Committee will receive periodic financial statements from the Superintendent or his/her designee showing the financial condition of the Attleboro Public School System. Such other financial statements as may be determined necessary by either the Committee or the Administration will be presented as found desirable.
