

Purchasing

The Attleboro School Committee declares its intention to purchase competitively without prejudice and to seek maximum educational value for every dollar expended.

The acquisition of materials, equipment and services will be centralized in the Business Office of the school system.

The Superintendent will serve as the Chief Procurement Officer. He/she will develop and administer the purchasing program for the schools in keeping with legal requirements and with the adopted school budget.

School purchases will be made only after an official purchase order has been approved for issuance by the appropriate Department Head or Principal and signed by the Superintendent or his/her designee, with such exceptions as may be made by the latter for emergency purchases and those made with petty cash funds.
