PROPERTY DISPOSITION: CITY / SCHOOL

The Attleboro School Committee and Central Administration will operate under the following guidelines on requests from the City for the Disposition of Real Property. A vote by the School Committee will be taken in the following situations:

1. City property contiguous to school property.
2. City property of ten (10) acres or more.
3. City property in an area where no schools currently exist; and which may be suitable for building a schoolhouse.

All other City properties may be acted upon by the Central Administration due to the time constraints associated with property disposition notices.

SCHOOL COMMITTEE APPROVED – FEBRUARY 7, 2005
