

BUILDINGS AND GROUNDS MANAGEMENT

The Attleboro School Committee's most important function is to provide for the education of children. It recognizes that the education of children is dependent upon many factors, including a proper physical environment that is safe, clean, sanitary, and as comfortable and convenient as the facilities will permit or the use requires.

The supervision over the care and safekeeping of property used by the School Department will be the general responsibility of the Superintendent or his/her designee. He/she will work with other city departments, as necessary, to develop a comprehensive and well-defined plan for the proper maintenance, cleanliness, and safekeeping of all school buildings and grounds to ensure that each school is equally well maintained, equipped, and staffed.

The Superintendent or his/her designee will establish procedures and employ such means as may be necessary:

- to provide accurate information in regard to the nature, condition, location, and value of all property used by the School Department,
- to safeguard the property against loss, damage, or undue depreciation
- to recover and restore to usefulness any property that may be lost, stolen, or damaged
- to do all things necessary to ensure the proper maintenance, cleanliness, and safekeeping of school property

Within the separate schools, the building administrator will be responsible for proper care, maintenance, and cleanliness of buildings, equipment, and grounds.
