

POSTING OF SIGNS AND DISTRIBUTION OF NOTICES,  
FLYERS, BROCHURES AND ADVERTISEMENTS IN THE SCHOOLS

Requests by outside organizations to post or distribute to students notices, flyers, brochures, and advertisements need not come before the Attleboro School Committee.

Organizations must submit their requests to the Central Office for approval.

Central Administration is responsible for establishing review procedures which adhere to the following guidelines:

1. Non-profit material of direct benefit to children may be posted and/or distributed.
2. Though there may be exceptions, in general, material with commercial advertising or sponsored by a religious organization should not be posted or distributed.
3. All organizations making a request must meet the requirements of the Attleboro Public Schools' Nondiscrimination Policy. (Title 36 organizations are exempt by federal rules and regulations)
4. All flyers must be provided to the Central Office at least two weeks prior to dissemination. The organization must provide a sufficient number of flyers for the targeted audience. Flyers must be prepackaged in groups of 25.
5. Summer Programs must have flyer requests in by May 15 in order to be approved for distribution.
