

Anti-Bullying

The Attleboro Public Schools is committed to providing a safe, positive and productive educational environment where students can achieve the highest academic standards. No student shall be subjected to harassment, intimidation, bullying, or cyberbullying within the school community.

“Bullying” is the repeated use by one or more students or by a member of school staff (as later defined) of a written, verbal, or electronic expression, or a physical act or gesture, or any combination thereof, directed at a target/victim that:

- causes physical or emotional harm to the target/victim or damage to the target’s/victim’s property;
- places the target in reasonable fear of harm to himself/herself, or of damage to his/her property;
- creates a hostile environment at school for the target/victim;
- infringes on the rights of the target/victim at school; or
- materially and substantially disrupts the education process or the orderly operation of a school.

“Cyber-bullying” means bullying through the use of technology or any electronic communication, which shall include, but shall not be limited to, any transfer of signs, signals, writing, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system, including, but not limited to, electronic mail, internet communications, instant messages or facsimile communications.

Cyber-bullying shall also include the creation of a web page or blog in which the creator assumes the identity of another person or the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in the definition of bullying.

Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in the definition of bullying.

Bullying and cyberbullying may occur in and out of school, during and after school hours, at home and in locations outside of the home. When bullying and cyberbullying are alleged, the full cooperation and assistance of parents and families are expected.

Definitions at the end of this policy are provided to give clarity in regard to terminology used throughout this policy.

For the purpose of this policy, whenever the term bullying is used it is to denote either bullying, or cyber-bullying.

Bullying shall be prohibited:

- on school grounds;
- on property immediately adjacent to school grounds;
- at a school-sponsored or school-related activity, function or program whether on or off school grounds;
- at a school bus stop;
- on a school bus or other vehicles owned, leased or used by the Attleboro school district; or,
- through the use of technology or an electronic device owned, leased or used by the Attleboro public schools.

Bullying and cyberbullying are prohibited at a location, activity, function or program that is not school-related or through the use of technology or an electronic device that is not owned, leased or used by the Attleboro School district if the bullying:

- creates a hostile environment at school for the target;
- infringes on the rights of the target/victim at school; or
- materially and substantially disrupts the education process or the orderly operation of a school.

### Prevention and Intervention Plan

The Superintendent and/or his/her designee shall oversee the development, monitoring and updating of a prevention and intervention plan, in consultation with all district stakeholders, which may include teachers, school staff, professional support personnel, school volunteers, administrators, community representatives, local law enforcement agencies, students, parents and guardians, consistent with the requirements of this policy, as well as state and federal laws. The bullying prevention and intervention plan shall be updated at least biennially.

The Principal is responsible for the implementation and oversight of the bullying prevention and implementation plan within his or her school.

### Reporting

Students, who believe that they are a target/victim of bullying, observe an act of bullying, or who have reasonable grounds to believe that these behaviors are taking place, are obligated to report incidents to a member of the school staff or administration. The target/victim shall, however, not be subject to discipline for failing to report bullying.

Each school shall have a means for anonymous reporting by students of incidents of bullying. No formal disciplinary action shall be taken solely on the basis of an anonymous report.

Any student who knowingly makes a false accusation of bullying shall be subject to disciplinary action.

Parents or guardians, or members of the community, are encouraged to report an incident of bullying as soon as possible.

A member of a school staff shall immediately report any instance of bullying the staff member has witnessed or become aware of to the school principal or their designee.

### Investigation Procedures

The Principal or their designee, upon receipt of a report, shall promptly contact the parents or guardians of a student who has been the alleged target/victim or alleged aggressor/perpetrator of bullying. The actions being taken to prevent further acts of bullying shall be discussed.

The school Principal or his/her designee shall promptly investigate the report of bullying, using a Bullying/Cyberbullying Report Form (Policy File: JICFB-E1) which may include interviewing the alleged target/victim, alleged aggressor/perpetrator, staff members, students and/or witnesses.

Support staff shall assess an alleged target's/victim's needs for protection and create and implement a safety plan that shall restore a sense of safety for that student.

Confidentiality shall be used to the extent feasible to and consistent with Federal and State law to protect a person who reports bullying, provides information during an investigation of bullying, or is witness to or has reliable information about an act of bullying.

If the school Principal or his/her designee determines that bullying has occurred he/she shall take appropriate disciplinary action and if it is believed that criminal charges may be pursued against the aggressor/perpetrator, consult with the school's Resource Officer to determine if criminal charges are warranted. If it is determined that criminal charges are warranted, the local law enforcement agency shall be notified.

The investigation shall be completed within fourteen (14) school days from the date of the report. Consistent with 603 CMR 49.00, the parents or guardians shall be contacted and provided written notice upon completion of the investigation and informed of the results, including whether the allegations were found to be factual, whether a violation of this Policy was found, and whether disciplinary action has or shall be taken. At a minimum the Principal or their designee shall contact the parents or guardians as to the status of the investigation on a weekly basis.

Disciplinary actions for students who have committed an act of bullying or retaliation shall be in accordance with district disciplinary procedures as prescribed in the student handbook.

Each school shall document any incident of bullying that is reported per this policy and a file shall be maintained by the Principal or his/her designee. A monthly report shall be provided to the Superintendent.

Confidentiality shall be maintained to the extent consistent with the school's obligations under law.
