FULL-DAY KINDERGARTEN PROGRAM

The Attleboro Public Schools supports the development of a universally available full-day kindergarten program which would provide full-day kindergarten to all families who choose that option.

A lottery will be conducted for student placement in the full-day kindergarten program whenever the total number of enrolled students seeking placement exceeds the number of seats available. Upon registration, parents of incoming kindergarten students may choose to either participate in the lottery for the full-day kindergarten program or select the half day program.

**POLICY APPROVED BY SCHOOL COMMITTEE - MARCH 10,
2008**
